

THE HAMLIN HERALD

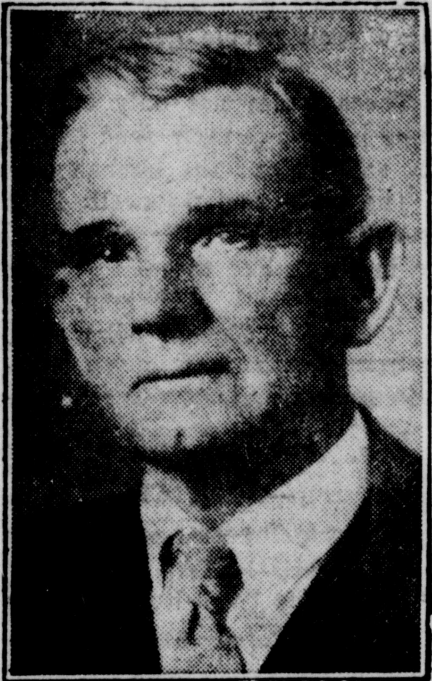

IN 37th YEAR — EVERY WEEK SINCE 1905

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, MAY 29, 1942

NUMBER 30

J. C. Culbertson Died At 12:10 A. M. Mon.

The long and useful life of J. C. Culbertson ended in a quiet, peaceful manner at his farm home east of Hamlin at 12:10 A. M. Monday, May 25, 1942, after several years of failing health.

Mr. Culbertson was 81 years, 2 months and 22 days of age. He was born at Sinclair, Mo., March 3, 1861. At the age of five years he came with his parents to Texas, and on October 29, 1889, he was united in marriage at Waxahachie to Annie Akin, a young woman from Tennessee, whose faithful companionship remained with him to the end.

Mr. Culbertson is survived by four children, two sons and two daughters. They are Joe L. Culbertson, Mayor of Hamlin; Attorney Marvin Culbertson of Vernon; Mrs. Paul Fraser of San Benito, Texas, and Miss Vera Culbertson of Wichita Falls. Also there are four grand children, Joan and Dora Joyce Culbertson, daughters of Mr. and Mrs. Joe Culbertson of Hamlin, and Marvin Jr. and Jacquelyn Culbertson, son and daughter of Mr. and Mrs. Marvin Culbertson of Vernon. In his own family the survivors are two brothers and two sisters, namely A. T. Culbertson of Dallas and Geo. W. Culbertson of White Deer, Texas; Mrs. R. M. Delk of Waxahachie, and Mrs. C. J. O'Connor of Dallas. All of the relatives were present when death came or had been there recently, except the brother in Dallas who is ill and the brother Geo. who is on a trip in California.

Most of Mr. Culbertson's life in Texas was spent in or near Waxahachie, as a farmer. But in 1915 he and his family came to Jones County and purchased a large tract of land near Hamlin on the east. He continued to be very active in farming till about 1934 when his eyesight failed, and later this was partially restored but other complications set up that slowed down his activity, and the past year he had been confined to his room and bed as the channel of life ebbed away.

One of the outstanding events of Mr. Culbertson's life was the celebration of his 50th wedding anniversary, at which time were present all of his children, grand children, and most of his brothers and sisters. Also present then was the man who

Lions Club to Sponsor Window Display For Boys in Armed Forces

Members of the Lions Club have undertaken the project of securing photographs of every boy in the armed forces from Hamlin and surrounding communities, to be placed in a down-town window, together with a short sketch about each, including name, division of service, length of time served, place last heard from, etc.

There are fifty or more boys who should be represented in this display, and the club asks the co-operation of parents and friends of the boys in gathering this information. The club will assume responsibility for the safekeeping of the pictures and they will be returned to the owners. In some cases, photographs may not be available, but if you have a snapshot or negative, some arrangement will be worked out.

If you have a boy, sweetheart, or a friend who should be included in this display, get in touch with Travis B. Dean, who is chairman of this committee.

Notice of Public Hearing

There will be a public hearing on the Budget and Appropriation Ordinance of the City of Hamlin for the fiscal year beginning May 1, 1942, and ending April 30, 1943. Said hearing will be held at the City Hall in the City of Hamlin, Texas, at 8:00 P. M., June 16, 1942.

J. B. Eakin, City Secretary.
(30-31)

Ben Townley came in Monday from the Pacific Coast where he had been in the Second Marine Air Wing for the past year. He has a 15 day furlough, the first since he enlisted.

acted as "best man" at the wedding, a Mr. F. P. Warren, of Wichita Falls, and a large number of old time friends and neighbors. Although very feeble at that time, he continued to joke and smile with the old timers.

Mr. Culbertson was an outstanding member of the Presbyterian church, but when the family moved to Hamlin an organization of that faith was not operating here and they became faithful members of the Methodist church.

It was the expressed desire of Mr. Culbertson that his body be carried back to Waxahachie and placed to rest by the side of the parents. And so early Tuesday morning the Barrow Funeral coach accompanied by relatives and close friends, left for Ellis County, and at 2:30 P. M. the funeral services were concluded. In preparations for the departure from Hamlin, the body lay in state at the home of the son, Mr. and Mrs. Joe L. Culbertson on Central Ave., where friends and neighbors expressed their sympathy and esteem of the family during Monday afternoon and Monday night. Many beautiful floral offerings bore testimony of tender love.

The Unusual Senior Class

EDITORIAL IMPRESSIONS

For about 27 years Ye Editor has been observing Commencement Programs in the Hamlin High School. In every one there was something interesting.

This year there were so many things that impressed one, it becomes appropriate to emphasize the 1942 class.

We express our reactions as they appeared in the recent programs.

Sunday evening as the class of about 53 filed in, solemn and dignified, we realized vividly, how many more boys there were than girls. This is the first point of the "Unusual."

As we observed the class, lined up and filing out after the sermon, they seemed to impress every one by the seriousness on their faces. We thought, "Poor kids," most of you we have known since babyhood, all of them born in the "boom days" of the twenties, all of them started to school in a Depression and now graduating in a war. "Poor kids"! Maybe it was our serious thoughts that developed the "impression."

MONDAY EVENING THEIR PROGRAM "DEMOCRACY"

"Our Way of Life" was the general theme for the Graduating class in their final program Monday evening.

Their whole aim was to impress, to teach, to insist on "Our Way of Life" in the presence of their underclassmates, even their teachers, their parents and friends. . . . and the setting was perfect. It was the young life that had lived through tribulations and now war, who sounded a fighting note to "carry on, to strive, to keep alert, to maintain the liberty Americans love so much."

There were four speeches—four thoughts by the members on the program, and there was one significant demonstration . . . the presentation of a \$100 War Bond, (really it should be called a Liberty Bond). That bond was a sacrifice on the part of the class. No Senior trip this year, no jollifications, no extravagance, just a token to their fellow Americans in the hour of peril from a band of young boys and girls who will no doubt be called upon to pay great personal sacrifices additional, and with not a stammer or flinch.

"Foundations of Americanism"
"Democracy Through the Schools"
"Living Democracy"
"What Our Future Holds"

These subjects were properly introduced by Class President, Milton Fletcher, a four year honor student, who presented the Class Gift.

W. D. Bristow, Richard Young, Inez Joiner and Selma Hassen, all honor students, made the talks for the holding and the strengthening of our Democracy.

OTHER "UNUSUALS"

There were at least two other "unusuals" observed in the 1942 graduating class, that preached democracy and freedom.

First, it was the first time most Hamlin people ever saw a Mexican graduate from a public school. To have one in the class who might be called a representative of our sister republic to the south, seemed to emphasize the spirit of democracy. John Flores was his name. John Flores is about as well known in Hamlin as any pure English-speaking boy. John is a native of Abilene but has spent all of his school life in Hamlin. John Flores has the esteem of all his classmates, an all-around boy, fine looking, talented, a member of the band, right up by the side of every one. John Flores is a Texan, and will furnish his talents and energies in the future for "Our Way of Life." Yes, and John Flores' parents were there that night as proud of their son as any body could be. John Flores is a member of a Hamlin church, regular in attendance, and sometimes sings in the choir. Congratulations, John, may honor and success be yours. We are glad you are living in our Democracy.

There was another feature in that class typical of what democracy means to the world. Selma Hassen, a daughter of former citizens of Syria, a daughter of an American ex-service man, who in 1917-18 fought for democracy on the fields of Europe . . . Selma Hassen, the young lady who spoke so openly and pointedly on "What Our Future Holds" . . . Selma Hassen, the young lady who had gone to school in Hamlin all her life, and holds the almost unheard of honor of NEVER being tardy, nor absent, and who had NEVER failed to be on the highest honor roll . . . perhaps the value of democracy has been taught her by the parents who know its blessings.

Another thing "unusual" in the program Monday night: While the program, from prayers to special music, special numbers, and talks, entirely centered around "Freedom and War" the first time in our history, the stirring whir and drone and buzz of aeroplanes boomed over the building, seemingly to add a touch of the real to the occasion—training planes, and big bombers roared above just as the shadows of night fell across the broad free prairies and fields of West Texas.

Our final impressions were that as long as young Americans keep thinking, keep awake and alert, keep aware that democracy must be cultivated, taught, lived, and practiced, there will be no force strong enough or black enough to blot from this land our heritage of freedom.

Mrs. Fannie Bowman Buried At Cross Plains

Mrs. Fannie Bowman died at the home of her son, Ralph Bowman on Lake Drive St. Thursday night at 9:20 o'clock, age 82 years, 8 months and 20 days. She was born Fannie Long of Ashland, Ohio, September 1, 1859. She was married to J. C. Bowman in 1883 and to this union there were four children. Three girls and one son. They are Mrs. Fred Dalem of Chester, Mont.; Mrs. John Lyle of Joplin, Mont.; and Ralph Bowman of Hamlin. One daughter, Mrs. A. H. Whitman, died in 1938. Twelve grand children and one great grand-child survive. Also one sister, Mrs. E. H. Spencer of Ashland, Ohio. The husband passed away in March, of 1932.

Mrs. Bowman was a member of the Methodist church since early life.

The funeral was conducted by the pastor, Rev. Harrell, at the Barrow funeral parlor, Saturday morning at 10:30 o'clock. The body was taken to Cross Plains for burial.

Mrs. Cliff Gibson of Abilene and daughters, Mrs. J. O. Earnest of Eastland, Mrs. Jim Bledsoe and children of Hobart, Okla., and Miss Ethelyn Gibson, were in Hamlin a short while on Friday of last week. Mrs. Bledsoe had come down on the Santa Fe and her mother and sisters met her here. It is an uncommon thing for people to come over from Abilene to meet people at Hamlin trains.

All Hamlin Boys In Philippines Army Reported "Missing"

Letters have been received from the War Department by the parents of the Hamlin community boys who were in the army in the Philippines on the date of the surrender, that they were reported as "missing".

It was about May 6th that General Wainwright had to surrender his army of Americans and Philipinos.

The substance of the army communications are that such a soldier was missing, meaning that the men exist in either of three situations: captured, dead or still in some jungle of the Philippines. They also stated that if the "Imperial government of Japan" complies with the Geneva agreement, they will submit the names of prisoners to the International Red Cross to be transmitted to the government. Then if the list does not carry the name of the enlisted men, they will still be considered as "missing" for a period of one year, during which time their pay, and all granted rights to the soldier will continue in force.

If the soldier is captured, he will continue to hold all rights of salary and other things till peace is restored and he is returned home. Now on either line that is not a comforting situation to the parents.

SIX KNOWN HAMLIN BOYS

At least six men are known to be from this community who were in the "surrendered" army. They are: Foy Pribble, J. D. Hayes, Norman Curtis Gilbert, Eral Ray, Winifred Joiner and Max Herd.

The last time Mr. and Mrs. Gilbert heard from their son was last November and he was at the Nichols Air Field. Just where each was before Dec. 7 does not count. But where are they NOW.

Summer School Opens Monday, June the 1st

Pupils interested in earning an extra credit, or who need to raise a low grade, are asked to meet at the High School Monday, June first, at 8:30 A. M. Length of classes will be one hour each day.

Hubert Morton, Principal

Firemen Attended A Special School, A.M.

Weldon Hudson, Hamlin Volunteer Fire Chief and Brad Rowland, Secretary, spent last week in A. & M. College taking special firemen's training on lines that might be needed in time of war. They report 431 registered for the various courses including first aid, gases, incendiary bombs, and all manner of fire fighting.

Brad completed the Laymen's First Aid Instructor's course.

Weldon took a general course. These fellows should come in handy if the Hamlin community should ever be hard pressed by war action or from any calamity.

Mrs. Preston Phenix Died Early Wednesday

Mrs. Preston Phenix, who had lived in the Hamlin community since 1916, passed away at her home on Jackson Avenue, Wednesday, May 27, 1942, following a long illness.

Mrs. Phenix was Tabitha Donelson before her marriage. She was born in Leon County, Texas, February 13, 1875, and was 67 years, 3 months and 14 days of age.

Mrs. Phenix was married to Preston Phenix in December, 1898, and to this union there were seven children, six of whom survive, namely, Carl Phenix of Hamlin; Homer R. Phenix of Miami, Fla.; Preston Phenix of Washington, D. C.; Ward Phenix of Wichita Falls; Miss Ruby Phenix of Overton, Texas, and Mrs. Fred McDonald of Mission, Texas. The husband died October 7, 1935. Three of the children, Carl and Miss Ruby and Mrs. McDonald were present when death came, and also two of the three living brothers, Minor Donelson of Stanton, and Ellis Donelson of Westbrook, were present. Another brother, Lee Donelson, of Stanton, could not come owing to an illness of a daughter in a hospital, Tuesday.

The sons in Washington City and in Florida could not arrive in time for the funeral owing to travel curtailment in the East.

The Phenix family came to their farm home on the southwest edge of Hamlin in 1916, and the late husband and Mrs. Phenix became prominent in the then Nazarene College and all Nazarene church activities, giving liberally of their means and time. Mr. Phenix had made farming and ranching a success. Mrs. Phenix was first a devoted Christian member of the Methodist church and her zeal increased as she took up her position in the Nazarene church. She was a typical Southern woman, a faithful wife and devoted mother and a neighbor who lived the life of "Love thy neighbor as thy self." Mrs. Phenix wanted to live and carry on but when the information of the fatal malady was made known, she longed for months for the hour of death. All near Mrs. Phenix in her failing years held deep sympathy and love for her.

The funeral was held at the Church of the Nazarene, at 3:00 P. M. Thursday, by the pastor, Rev. Dan Jones and the Rev. James E. Harrell of the Methodist church. The Barrow Company had charge and interment was in East Cemetery.

Music Recital Tonight

On Friday evening, May 29, Miss Edwina Gilbert and Mrs. Jack Russell, assistant teacher, will present their pupils in a six-piano ensemble program at the High school auditorium at 8:45. The numbers vary from two to twelve players. The public is cordially invited.

On Friday, June 5, Miss Gilbert will take eight of her high school pupils to Stephenville to play in an ensemble of eighteen pianos at John Tarleton Agricultural College.

The War Front—

President Roosevelt said the U. S. still faces the prospect of a long war, and overly enthusiastic optimism about its progress is not justified. The President presented the Congressional Medal of Honor to Brig. Gen. James H. Doolittle who led the party of 80 men who bombed the Japanese mainland in Army B-25 bombers April 18. No. U. S. planes were shot down in the raids. Gen. MacArthur's Headquarters in Australia reported the sinking of another Japanese cruiser, two cargo ships and two enemy transports. United Nations planes in Australia destroyed 17 enemy aircraft and damaged nine others. Twelve more United Nations vessels were sunk by

DELAY IN HOUSE PAINTING, COSTLY

The longer you wait—the more it will cost . . .

Paint your house this season. But don't stop just with painting. Get up on the roof and examine it carefully. If you are using wooden shingles, you will save money in the long run by painting or staining them now. Renail if needed. Examine the chimneys. They probably need repointing. If your chimneys don't fit the house in size and shape, paint them out of notice using the color on the body of the house. Look for roof leaks around the chimneys and dormers. You don't want the roof leaks to spoil your new decorating inside. Apply a new coat of screen enamel to the screens to prevent rusting. A quality screen enamel will not clog the mesh. A fence enhances the beauty of a home and will last for years if you protect it with paint. Examine the porches and outside stairs for sagging. If the paint film on the treads has started to show wear in the heavy traffic areas, apply a good tough enamel that will withstand the tons of pounding by scuffing feet and the constant attacks of weather.

Make the front entrance inviting. It will stand most any color treatment that you prefer. FREE ESTIMATES. Don't put off painting another season. If you lack the ready cash, use your credit. It's good here. Money spent for painting and decorating is a wise investment in the safety of all investments—a home. Paint your home outside and inside on low interest, monthly installments, for the cost of both labor and materials.

enemy submarines in the Atlantic and Gulf of Mexico.

WOMEN'S AUXILIARY CORPS

Recruiting for the Women's Auxiliary Corps Officer Candidate School began May 27, the War Department reported. Application blanks may be obtained only by going in person to one of the 440 regular Army Recruiting stations throughout the country. The term of enrollment will be for the duration of the war and for not more than six months thereafter. Officer candidates must be citizens of the United States, between the ages of 21 and 45, with a high school education or its equivalent, in good health and of excellent character. They may be married or single. The first class will consist of approximately 450 women, and will begin about July 15th.

—T & T—

"Make Up Something"

Newspapers give freely and gladly of their space for the Red Cross, Salvation Army, U. S. O., War Bonds, clean-up campaigns, Boy Scouts, church and school activities. In other words, they are always constructive. This suggestion by the Sulphur Springs News-Telegram editor is worthy of consideration:

"They say time about is fair play. So the next time you are prone to criticize 'the editor', why not do as he has done so often for you—overlook his faults and try to bring out something good about him? If you can't find any good, then do as he does for you—just 'make up' something."—A Boyce House Clipping.

—T & T—

"Spare The Doctor"

"Patriotism need not be limited to such things as driving slowly and saving one's toothpaste tubes," says Medical Economics. "A 'Spare the Doctor' campaign might be promoted on similar grounds. Few people appreciate how many physicians are being siphoned off into the armed forces and how great an added burden this imposes on the doctor who remains at home. Few realize, therefore, that continued good medical service depends on helping the doctor to conserve his time . . . The more time the doctor can save in traveling to see his patients, the more time he will have to treat them."

Thousands of doctors are being called into military service. Thousands more will be called as the army and navy grow. So a doctor who stays home will have to take care of a great many more patients than in the past. The doctor will do his best. But there are only so many hours in the day, and each hour wasted means that an hour less can be given to people who really need attention.

Don't ask the doctor to make house calls when you are perfectly able to go to his office. Don't expect him to sit around and talk of extraneous matters. Don't try to turn a professional visit into a social occasion. The American people are used to the best medical service on earth—and they will continue to receive that kind of service if they give due consideration to the fact that the doctor is one of the busiest of men.—Industrial News.

Next 3,000 cu. ft.,	.733, net	.65
Next 20,000 cu. ft.,	.455, net	.40
All over 25,000 cu. ft.,	.40, net	.35

WITT JEWELRY
HAMLIN, TEXAS

Why, Just Why?

This paper has a "transmission" from the Agricultural Department, (Jones Co.) indicating certain prizes awarded certain boys by a certain mail order firm for certain essays. All of this is mighty good (for the company) for indeed every newspaper that carries the stuff takes away from the local taxpaying merchants of Jones County, because the so-called benefactor is contributing pigs, and boars just to build up rural patronage and let the local firms be hanged. Jolly good advertising, and we do not blame the great company but why not, WHY NOT the home folks get busy too. A prize for a boy is a prize. The boy, even the old man, and mom likes to get prizes. But folks, remember, most prizes have "strings" on them, and to follow that string to distant ports will lead to home impoverishment.

—T & T—

Our Good Neighbors—

Three cheers for Mexico! Long live our good neighbor just across the Rio Grande! Congratulations for the president of Mexico, the Honorable Avila Camacho, who spoke to the world Thursday, protesting the treatment of Mexico by Germany. Mexico has acted as a free nation should act, protest and declare war against Germany who seeks to do to Mexico what they have done to a half dozen other nations; Germany who violated all laws of civilization by sneaking into the very front door of Mexico and torpedoing their ships, killing Mexican citizens, and leaving the survivors helpless to perish on the ocean waves.

Declaring war is a rare thing for Mexico. Now that she has spoken, it marks a great step in the ideals of that free nation. It will have its effect on other Spanish-speaking nations and peoples everywhere and thus again Mexico has proved her worth as a neighbor of the United States. Well she knows that every man in the United States would fight to help protect the rights and honor of Mexico, and therefore we are happy to express the appreciation of this small Texas community for Mexico's noble stand.

To think that our close neighbor now has told the world she will fight with us to defend the rights and honor of all the Americas, is a source of comfort. It marks a new step in a closer neighborly feeling for the United States and Mexico.

Final Results of City Golf Tournament

The Medalist in this year's City Golf Tournament is Brad Rowland, who shot the 18 holes in 77 strokes, which is 5 over par. He beat last year's City Champion, Chas. Ballew in the second round.

Second Round of the Championship Flight—
Travis Dean beat Elmer Feagan, Jr.

Third Round—Brad Rowland beat Travis Dean.

Championship Consolation — Bert Pribble beat Holly Toler.

First Flight, 2nd Round—Earnest Davis beat J. W. Ezell.

First Flight, Consolation— W. F. Johnson beat Bill Eysen.

2nd Flight, First Round— A. O. Butler beat Stanley Carmichael; Pat Marlowe beat Joe Culbertson.

3rd Flight, 3rd Round — S. C. Ferguson beat G. W. Turner, Jr. S. C. is the champion of this flight and received a nice prize.

3rd Flight Consolation, Coach Grigg beat Jack Cole.

1st Round of the 1st Flight, the Barber Shop gave the banker a trimming—G. W. Turner, Sr., beat Ted Russell.

LADIES NOTICE—Get out your old golf clubs and practice, because the men and ladies mixed tournament starts right away. The local course is in good shape now, so let's play golf.

Tournament Chairman

Miss Mildred Barrow came up from Temple last Saturday to be present at the graduation of her brother, Bobby.

\$3,500 To Be Given At Cowboy Reunion

Stamford— Approximately \$3,500 will be given in cash prizes and premiums in the various events in the thirteenth Annual Texas Cowboy Reunion to be held here July 2, 3, and 4th. Entrants in the rodeo events last year totaled almost 200 cowhands.

The Quarter-Horse show, which is the official show of the American Quarter-Horse Association, and which has proved very popular the past two years, will again be held. Prize money totaling around \$600 will be awarded in this exhibit.

In addition to daily cash prizes, special premiums will be given the champions in the bronc riding, calf-roping, and cow-milking contests. A valuable premium will also be presented the winning cowgirl sponsor, the winner in the cutting horse show, and the champion steer-rider. Best entries in the grand parade and winners in the old fiddlers contest will also be included in the cash prize list.

Tentative plans are being made to enter the cutting horse show as part of the regular rodeo events of each afternoon and night performance, with finals to be held at one shows on July Fourth. This unique feature of the Texas Cowboy Reunion is judged on the ability of the horse and the performance and ability of the rider.

Three performances will be held daily in the arena, a matinee at 8 o'clock each morning and the regular shows at 2 P. M. and 8 P. M.

The program, in addition to rodeo contests, will include trick and fancy riding and roping and the rodeo clown who is always popular with the crowds.

How to Get Sugar For Jellies and Preserves?

Does anybody know about sugar for the berry crop?

One man was in Hamlin this week greatly disturbed because the people of the south part of the county had to go to Stamford to ask for sugar for putting up dewberries into jellies and preserves. Who knows whether one can get a sugar permit even they only had to go twenty steps?

There has been several rumors about "sugar for the fruit season" but it still seems in a very indefinite haze of uncertainty.

Who knows; who will tell the public? Where, how much and how?

If sugar can be had it would seem a better plan would be for somebody to have a little authority except in Stamford.

Mrs. O. L. Taulman and son, Otis, Jr., of Monahans, are visiting her parents, Mr. and Mrs. W. W. Green.

S. D. McMahon returned Tuesday from a visit in Mathis, Texas. He was accompanied home by Mrs. J. C. McCarty and Robbie and Mary Sparks, daughters of Mr. and Mrs. L. S. Sparks, to visit friends and relatives in Hamlin. Now "Doke" comes in with a fish story. He pulled out a 48 lb cat fish from the lake at Mathis.

Letter From Soldier Who Uses Mules

Fort Lewis, Wash.

May 16, 1942

Mr. Bowen Pope:
Dear Sir:

Please change the address on my paper to Pvt. James A. Allen, Btry. A-98th F. A., APO 309, Ft. Lewis, Washington.

I am in the mule pack. We pack the 75 Howitzer guns on the mules. These guns have been taken off and put together ready to fire in 2 min. and 20 sec., but we are not that good yet. As for the mule pack, they are for rough country, mountains and forests where trucks and tanks can't go. They are worth more than people give them credit for.

These mules not only carry the guns but carry their feed as well as the soldiers and the kitchen parts.

The mule pack is swell; I like it fine. The army is the only place to be in times like these.

SALESMAN: You won't find a better second-hand car anywhere than either of these. Wonderful buys!

CUSTOMER: If I only knew how the engines had been treated . . . what oil the ex-owners used.

SALESMAN: This one, I don't know. But this red job I happen to know had nothing but Conoco Nth motor oil from its first mile!

CUSTOMER: Well, why didn't you say so! Conoco Nth! I'll take the red job, of course! First of all, whoever owned that car knew what was best for a car when they used Conoco Nth. With Conoco Nth in the crankcase, I'm sure the cylinders and moving parts were protected by OIL-PLATING—lubricant that doesn't all drain down at every chance, but stays on the job.

SALESMAN: Well, that'd sell me the red one.

CUSTOMER: Why, man, Conoco Nth can help keep an engine so clean of sludge and carbon that it easily ought to mean good long life. I'm going to cash in on this car's value—and keep on using Conoco Nth.

You can cash in, too. Cash in by getting all the engine life and good oil mileage that are winning sensational sales success for Conoco Nth oil. See Your Conoco Mileage Merchant today! Continental Oil Company

FOR THE DURATION of your car

Don't depend on spasmodic and hurried stops for gasoline to have your tires and car checked. Join my ONCE-A-WEEK CLUB. Choose one day each week to bring in your car. I will check and properly inflate your tires, check oil, radiator, and battery. I will look for and report anything beyond this that appears to need attention. I will keep a careful record of greasing and oil change and remind you whenever these services are needed. I'm here to help you get the maximum service and life from your car at the least possible cost and trouble to you.

Natural Gas Rates *REDUCED!*

NEW RATE TO SAVE RESIDENTIAL AND COMMERCIAL
CUSTOMERS \$2,000,000 ANNUALLY

By agreement, the reduction of \$2,000,000.00 annually has become effective to customers served by Lone Star Gas System.

To Our Customers:

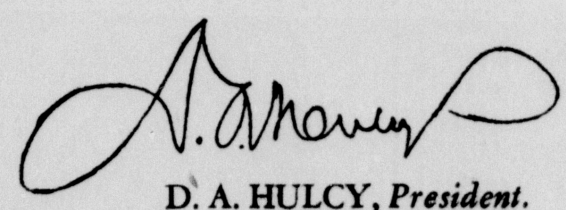

Through more than three decades of operating history it has been a fixed policy of the management of Lone Star Gas System to spare no effort to accomplish and maintain a dependable gas service for its customers at rates commensurate with the cost of rendering such service. The important reason for this basic policy springs from the very roots of a definite responsibility to our customers, most of whom depend exclusively upon natural gas service for their fuel requirements. The part that gas serves in protecting the health, comfort and welfare of more than a million men, women and children in homes served by Lone Star Gas System, is an assignment that we have accepted in its full seriousness.

To meet these requirements millions of dollars have been expended for materials, equipment, proven gas reserves, pipeline transportation and distribution facilities planned with careful foresight to safeguard a continuity of dependable service over a long period of years as well as for the present. In line with this policy of providing not only adequate but dependable gas service from our interconnected facilities, a substantial part of the System's earnings as well as considerable borrowed capital has been applied to this development program. At all times the System's thousands of stockholders have evidenced their cooperation in many ways in order that the utmost might be accomplished in this program of development. During this period, a large portion of which represented the depression years, neither the normal growth of individual towns served by Lone Star Gas System nor increases in residential, commercial and industrial customers kept pace with the expansion program which we were required to maintain in the interest of continued dependable service.

As the interests in good gas service of both Lone Star Gas System and its customers are interdependent, the rate charged for gas should be fair and reasonable for the customer and at the same time sufficiently adequate for the System to meet its responsibilities. In defense of this sound principle we have, on various occasions during our period of development, become engaged in rate controversies and litigation. In these instances we have had no choice except to diligently and firmly protect the mutual interests of the System and its customers against an ultimate downfall of service due to unwarranted and untimely rate reductions.

The area served by Lone Star Gas System has now reached an all-time high in industrial, commercial and residential expansion and this has resulted in an increase in the amount of gas normally used. Because of long preparation we are prepared to meet the requirements of these increased demands now being made upon our System. We are pleased that under present circumstances we are able to consent to a rate order which will give our customers a substantial reduction in the cost of their gas service and at the same time dispose of all pending rate controversies.

In announcing this rate reduction it is our earnest hope that, as we all adjust ourselves to the war effort, sufficient new peace-time uses for gas service can be developed for the future to justify this low rate indefinitely.

D. A. HULCY, President.

Lone Star Gas System

Official U. S. Treasury War Bond Quotas for June

The above map of the country shows the War Bond Quota by states for the month of June totalling \$800,000,000. Everybody every day is expected to invest at least ten per cent of his income in War Bonds to aid in financing America's offensive against the Axis powers.

The ultimate quota for the nation will be on a basis of one billion dollars per month effective in July. This sum is necessary to provide for all-out production of planes, guns, ships and munitions adequate to arm our fighting men with the tools necessary to win the war.

Lights of New York

by L. L. STEVENSON

Soldiers silhouetted against the skyline, guarding the bridges of the great city . . . Half-frozen but always ready with a cheerful grin for occupants of passing cars . . . Elsa Maxwell, looking fit as a fiddle, rushing out of a car—and actually rushing . . . The cop at Park avenue and Forty-ninth street bawling out taxicab drivers who make such close turns their tires scrape the curb . . . "Don't you guys know about the rubber shortage?" . . . Bess Johnson walking her pup and having to stop frequently to give autographs to neighborhood youngsters . . . The dog steps into some mud . . . and some of the kids insist that they get its footprints on their pieces of paper.

An alert young man in the uniform of the United States navy, walking briskly up Broadway, the markings on his arm strange to me but looking very much like a bunch of feathers . . . A white-haired colonel of infantry returning the salute of a buck private with a pretty girl on each side of him . . . Then glancing back with a look that might have been envious . . . A slim, golden-haired girl, whose coloring looks as if it were natural, stopping with a gasp as an ungentlemanly breeze all but wrests a bit of a hat from her head while she pauses at 50th street . . . The first gardenia peddler I've seen since fall hastily changing his location when a policeman appears . . . and muttering something about "that cop's tough," as he picks up the board to which his stock in trade is attached.

Gotham's picturesque waterfront is now devoted to war-time activity . . . So it is no longer the haunt of peace-time dreamers and philosophers . . . The docks and piers where folks were wont to visit and dream about far-away corners of the globe are now zealously guarded against potential sabotage . . . and the aimless visitor is shooed away . . . A more sleazy side of humanity too is inconvenienced through the waterfront restrictions . . . No longer do the derelicts, the bums and the tramps reel drunkenly from pier to pier finding unmolested shelter in crooks and crannies . . . Now it is simply hustle and bustle for vital shipping, one of the strongest arms in defeating democracies' enemies.

New Radio City racket that was nipped in the bud: Soliciting funds from passers-by to purchase sandwiches and coffee for air raid wardens . . . Dinah Shore, who collects first editions, found this in the first catalogue issued by Oberlin college, Oberlin, Ohio: "FEMALE DEPARTMENT. Young ladies of good minds, unblemished morals and respectable attainments are accepted into this department and placed under the superintendence of a judicious lady whose duty it is to correct the habits and mold the female character." . . . Robert K. Christenberry has been re-elected president of the Broadway association.

"The first few weeks we were down here in Texas training for the big fight, we received much mail," writes a soldier friend. "Now we seem to be the forgotten men. Don't get me wrong. I am not griping. But a lot of us are away from home for the first time and we do get lonesome. If folks back home only realized what letters mean to us I'm sure they'd get busy. The only letter I've received lately was forwarded to me from New York. It was an advertisement of a clothing store."

There's an appeal that's worthy of a response—a big response. Most of us know at least one boy in a training camp. A letter now and then would not be much trouble and I'm sure it would be appreciated. Here's an idea: Get the names of boys from your neighborhood and write them what's happened around about you since they left. Just ordinary gossip that doesn't get into the home town newspaper. Maybe you won't receive many answers, but your efforts will be worth while anyway. It takes so little time, too.

The rubber shortage has reduced the number of cars on the streets. To save tires, many owners have put their cars into dead storage. Then too there is that law, which went into effect January 1, which makes it necessary for a motorist to prove financial responsibility in event of an accident. Rather than pay \$60 for a year's insurance, a number of thrifty owners have laid up their cars until spring so that they will have to pay for only a half year.

(Bell Syndicate-WNU Service.)

British Army Fliers In Russia Try Skiing

LONDON.—The RAF wing in Russia is meeting wintry conditions with cheerful fortitude, according to the British air ministry. Their base is in a sparsely inhabited area which the climate has now turned into a snowy waste. Skis have been given them by Russians, and many members of the wing are learning to ski.

Wartime Transportation

Cattle on the hoof, grain on the farm, minerals at the mine, oil at the well, goods at the factory—these cannot help our soldiers or our people until delivered where they are needed.

Our job is to "Keep 'Em Rolling"

Santa Fe is eager to do its full share of this huge wartime transportation job, military and civilian, throughout our territory. Years of careful operation, maintenance and expansion conditioned Santa Fe facilities for just such an emergency. But to meet every demand, existing equipment must be used to the limit!

You Can Help, Too

Last year you shippers did a lot to increase efficient use of existing freight equipment. Now we ask your continued cooperation to that end by doing these things:

- Make every car you use carry a maximum load • Save every hour you can in loading and unloading cars • Order cars only for your actual current needs.

Your help will help us do a better job for you, as well as for Uncle Sam, whose needs must come first in war.

At Your Command

Besides all-out war service, Santa Fe is maintaining regular and efficient freight and passenger transportation vital to your community. Talk over your travel and traffic problems with your Santa Fe agent.

BOYD CHAPEL CHIRPS

By Mrs. James Ferguson

Farmers are very happy over the fine rains that have fallen in the past few days. However, several will have to replant cotton.

School was closed last week with a nice program by the school children Thursday evening and the graduation exercises. Those who received diplomas were Wanda Faye Bingham, Lorena Tabb, Luther Ellis McClure, Wesley Tabb and Terry Haught. Luther Ellis McClure was awarded a prize for making the highest grades in the State Standardized test. Wesley Tabb won first place as being the best actor. Friday an all day picnic was given. A large crowd of parents and children attended with a bountiful dinner on the ground. Mr. and Mrs. Marvin Harper who are teachers of the school, left immediately after the picnic to visit their parents and relatives at McKinney. They were accompanied as far as Dallas by Mr. and Mrs. J. P. Cornelius, who will visit Mr. and Mrs. Clinton Ma-berry and other relatives for a few days.

kverrm rgoalBjmb yter ryHa ught Mrs. Maggie Dunn of near Syl-vester visited with her sisters of Boyd Chapel last week.

Members of the H. D. club met in the home of Mrs. Wilson last Wednesday. Mrs. Lee Ward presided over the business meeting. The club voted to buy material for making quilts and to do this work at club meetings in connection with other Red Cross work. Four woolen skirts were finished.

Mr. and Mrs. J. A. Holden and Mr. and Mrs. James Ferguson attended the First Methodist church in Abilene Wednesday evening to view the latest pictures that were shown of Rev. J. C. Holden and family and some of their work in Garago, Colombia, S. A.

Last meeting of the Willing Workers club met in the home of Mrs. Stella Young. A large crowd was present and completed two quilts. The next meeting will be in the home of Mrs. James Ferguson, on Tuesday P. M., June 2.

Mrs. Earl Brown, delegate from Boyd Chapel M. E. church, attended District Conference which met at Albany.

Mr. and Mrs. Clarence Whittenburg and baby of Dallas are visiting in the homes of their parents, Mr. and Mrs. K. H. Whittenburg and Mr. and Mrs. John Pope of Anson.

YOUR CAR

How to Get the MOST out of It

MORE TIPS ON DRIVING

Your car was built to "take it." Even so, it thrives best on kind treatment. Tests indicate the following driving techniques prolong the useful life of a car:

Don't give the engine more gas than it can digest.

Don't accelerate too rapidly.

Frequently, the only result of an extra burst of speed is extra pressure on the brakes a moment later.

Don't drive fast unless you're really in a hurry—and even then stop to think if the time saved will be worth the extra wear on tires and motor, the extra cost of gas and the increased chance of accident.

Slow down before entering a curve. Then accelerate, but not too much. Your tires don't have to "squeal" to be unhappy on a curve.

Slow down on rough roads. Your springs may be able to take it, but your tires can't.

Don't stage a climbing test on every hill. Your gears are there for a purpose.

Don't coast downhill. It's poor economy. The cost of wear on brake linings is likely to exceed greatly the amount saved in gasoline.

Note: This is the third of a series of articles based on the book, *Automobile User's Guide*, published by the Customer Research staff of General Motors. Next article: *The Art of Stopping*.

TUXEDO NEWS TIPS

(By Audrey Harwell)

Sgt. Preston M. McCoy of Ogden, Utah, who has been here visiting his parents, Mr. and Mrs. S. J. McCoy, has returned to active duty. He has been in Fitzsimmons General Hospital, Denver, Colo., for two months with a broken leg.

Pvt. and Mrs. V. L. McDowell of Abilene visited Mrs. McDowell's parents, Mr. and Mrs. S. J. McCoy during the week end.

Miss Audrey Harwell visited Mrs. Tad Casner and son Tim in Stamford Friday.

Little Lonnie Lester Baize is on the sick list.

Mrs. Sam Baize of Stamford visited in the home of Mr. and Mrs. Bentley Baize Friday.

Terry Holmes who has been working in Abilene returned home Tuesday of last week.

Mildred Holmes spent the week end with June Beasley in Hamlin.

Regular services were held in the Baptist church Sunday With Rev. Charles Tarce conducting the services. He is our new preacher and everyone is invited to come next Sunday morning to Sunday school and preaching services afterward.

June Beasley of Hamlin visited Mildred Holmes a few days last week.

METHODIST CHURCH

JAMES E. HARRELL, Pastor

Sunday School, 10 A. M.

Morning worship service, 11 A. M.
Juniors, Intermediates and Young People meet at 7:30 P. M.

Evening service at 8:30. Dr. C. A. Bickley, District Supt., preaching.

The Woman's Society of Christian Service meets Monday afternoon at 4 o'clock with a social and year book program in the home of Mrs. V. V. Anderson with Mrs. Bob Wiar and Miss Ella Temple as co-hostesses.

Mid-week service and choir practice Wednesday evening, starting at 8:30.

The pastor will preach Sunday morning on the subject: "The Master Key". Dr. C. A. Bickley, Dist. Supt. of the Abilene Dist., will preach Sunday night. At the close of the service he will conduct the third quarterly conference.

The church service breaks the monotony of the week; it gives new atmosphere, new friends, new ideas, new power against temptation, aggravations and the daily grind.

Go to church next Sunday.

We are always glad to have visitors in our congregation.

Lennie Greenway, Secretary

Vacation Bible School

Our vacation Bible school will begin on June the 8th, and run thru the 19th. Mrs. Ray Jones will direct the school and we will enroll, primary, junior and intermediate children.

We invite children not in vacation schools to be with us. The Baptists are having their school at the same time. We will be glad to have children from other churches in our school.

Mrs. J. D. Bingham reports the receipt of a letter from her brother, Consul Walter E. Foote, who is now in Washington after his experiences in Batavia, Java. He may visit Hamlin while in the United States resting. Consul Foote came near being captured by the Japs. Consul Foote was known by this editor when he was a college boy in East Texas.

NOTICE Cemetery Working

It has been considered best to try to work the East Cemetery soon as possible before the weeds get so large it requires more labor. Beginning Monday, June 1st, there will be employed some good men who will work out there by the day as long as the funds are available. There is in the treasury at this time about \$45.00. This will not work it all over, as it required over one hundred dollars to do the job the last time it was worked. It has been suggested that all interested persons who desire to work their own lots to do so, and work just a little bit more than your own space. This will help out towards covering all ground not taken care of.

If you so desire to pay for the work, you may do so by contacting Mr. Proctor who will have charge of the workers, or Lennie Greenway at the Bank, who is secretary-treasurer of the Association. The men employed are working for \$2.00 per day, eight hours work and if all persons who are unable to spend some time out there will pay for one day's work it will go a long way towards cleaning the cemetery up. We need more money, so send in a contribution.

YOUR CAR

How to Get the MOST out of It

STOPPING IS AN ART TOO

Proper use of your car brakes can add many miles to your tires and brake drums. Here are some stopping hints to remember:

Avoid sudden stops. Collect your "bonus" on the gas you used in starting; don't burn that extra momentum up on the brake drums and tires. Learn to anticipate your stops.

Keep your foot off the clutch pedal until you're ready to use it. "Riding" the clutch pedal when the car is moving, or "slipping" it to hold position on a hill, causes rapid wear of the clutch lining.

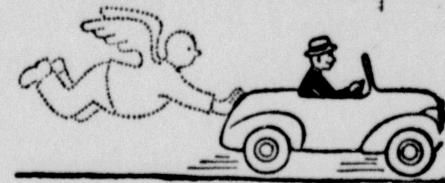

Avoid continuous heavy pressure on the brake pedal. Hot brakes wear rapidly. On long hills shift to second gear.

Let your motor help stop your car for you. Don't disengage the clutch as soon as you begin braking for a stop. Wait until the car decelerates to 15, or even 10, miles an hour.

Don't scrape the curb when stopping. The weight of the car rests on those tires' side walls and they must not be weakened.

In real hot weather or after driving in mountainous country let the motor idle a few minutes before turning off the ignition.

Note: This is the fourth in a series of articles based on the book, Automobile User's Guide, published by the Customer Research staff of General Motors. Next article: Stretching Your Tire Mileage.

BAPTIST CHURCH

Expression of Gratitude

A speaker at our Southern Baptist Convention said: "We bring destruction on our nation when we allow our loyalty for nation to become stronger than our loyalty for Christ." We cannot afford to slack up on our efforts for Christ "for the duration." Confronted as we are with the greatest challenge of all times, it is imperative that we give our best.

Can we expect you to be in Sunday School and Church this coming Sunday?

Sunday School 9:45.
Morning Worship 11:00.
Training Unions 7:30.
Evening Worship 8:30.
Mid-week Service, Wed. ... 8:30.
H. E. East, Pastor

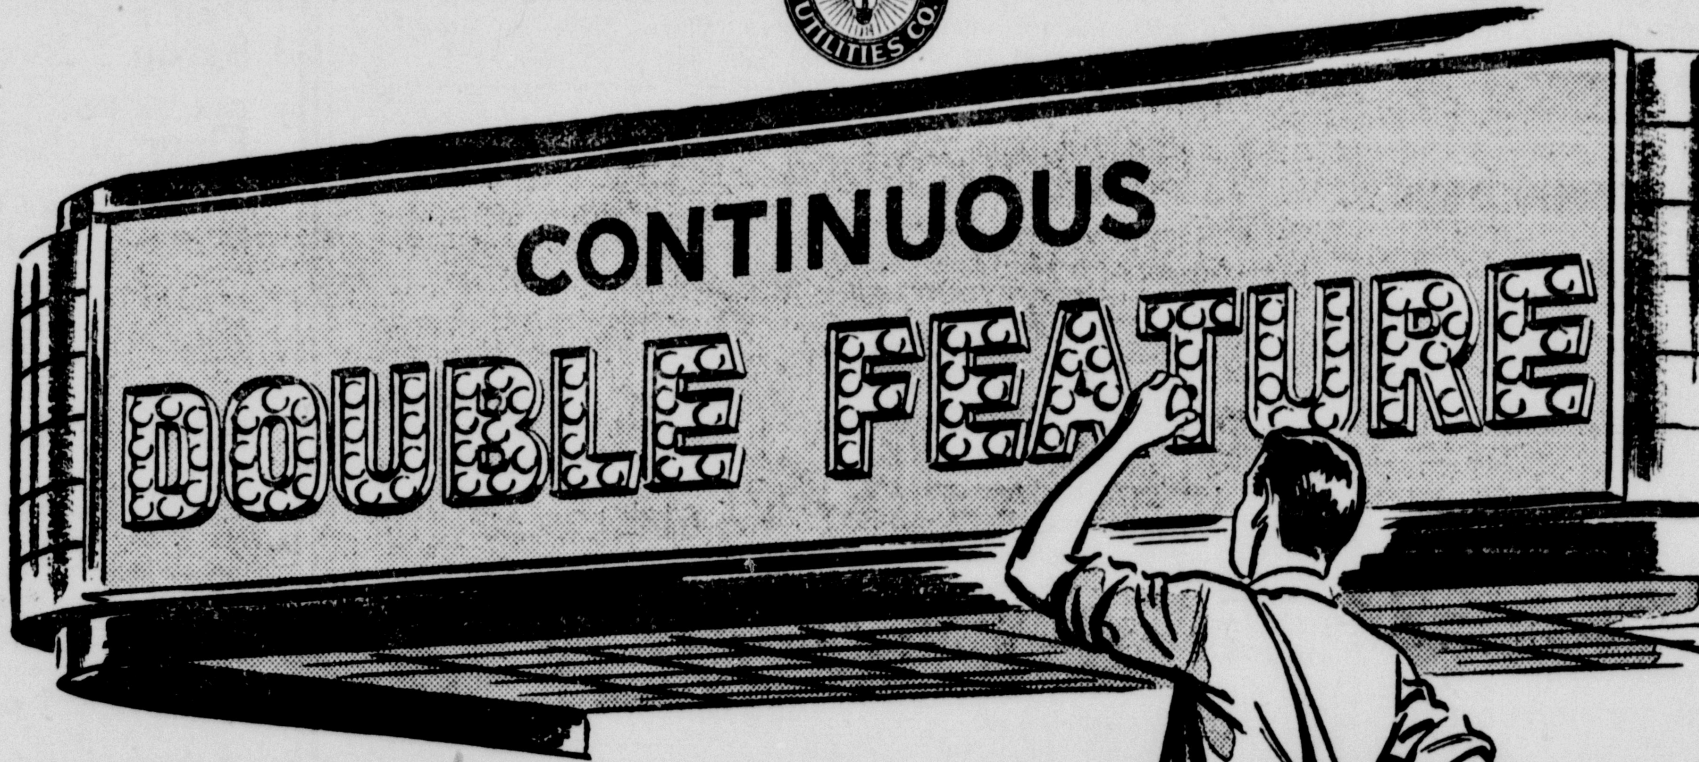

The Herald is worth more than \$1
Notice the date after your name.

We take this means to express our deepest gratitude to the people of Hamlin, and our friends elsewhere, for the sympathy and kindness shown us in our great sorrow, in the passing of our dear wife and daughter. Your words of sympathy and many deeds of kindness will ever be remembered. We thank each of you sincerely.

Stanley Carmichael
and David Lance

Mr. and Mrs. Oscar Owen

Private Pete Via is at home on a "recuperative" 30 day furlough from the army near El Paso. Pete has been in the hospital for some time from a major operation. He has fallen in love with the doctors, or somebody in the hospital, and feels fortunate to get the "whitling" and now 30 days at home.

Reddy Kilowatt Says:

"Whether or not you care about two movies for the price of one, there's another kind of double feature that you—every one—is enjoying.

* * *

"It's the electric service you use—a continuous bargain, right around the clock and the calendar. The West Texas home today gets about TWICE or THREE times as much electricity for its money as it did just fifteen years ago.

* * *

"In fact, electric service is about the only household item that isn't higher now than even a year or two ago.

* * *

"You may not realize that it costs you only about half what it used to—you've added a lot of useful new appliances over the years and you're using more and better lamps.

* * *

"The appliances are serving you well—and saving you work. The better light is making it easier on your eyes.

* * *

"All this has been made possible by careful business management of your electric company... the same good non-political management that now is serving our country in time of its greatest peril by providing electric power where it's needed, when it's needed."

STOCK DEAD?

We will remove your dead stock, if within 25 miles of Hamlin, if hide is on. Call collect Phone 45, Hamlin, J. C. SANDERS, Agent Hamlin, Texas. (21-rtn)

Chickens — Turkeys

STAR SULPHUROUS COMPOUND Given in water or feed destroys intestinal germs and worms that cause most all disease and loss of egg production as they enter fowls in feed. Keeps them free of blood-sucking insects. Appetite, health and egg production good. Costs very little. Money back if not satisfactory.

INZER PHARMACY
Hamlin, Texas (22-8t)

WANT TO BUY HOUSE

Would like to buy a small one or two room house to be moved to a farm. What have you? Drop a card to J. P. CORNELIUS, Rt. 3 (P)

SUGAR BOOKS LOST

A ladies' purse containing FIVE Sugar Books, a little money and a defense stamp book, was lost somewhere near the Hamlin Ice Co. house. It is of small value to anyone except the owners of the sugar books. The person finding this purse will please report it. Merchants, watch sugar books.

MRS. M. F. HAUGHT (30P)

we should be very careful as to whom we elect to guide the affairs of this nation. No doubt but we have some men and women in office who are too shallow and too weak to know how to represent a great people, and the sooner we weed them out and replace with "plain hoss sense," the sooner the ambitions of the American people will be realized.
